Dear Hiring Manager,

Please take a moment to look over the attached resume. You will see that I have experience in JavaScript, Node, and relational/non-relational databases in addition to many of their associated frameworks and libraries. These include but are not limited to React, Angular, Sequelize, Bootstrap, Bcrypt, and Blockchain. I have experience deploying to AWS and utilizing many of their services.

Should you be interested in seeing a portfolio of my work, please refer the the link below:
